- **283** young women tech entrepreneurs
- Established a network of support with **186 mentors** to date
- **86% of participating girls** become more confident & knowledgeable about solving real-world problems\*
- Helping **93% of girls** gain collaboration skills\*
- Helping **93% of girls** gain confidence in persisting through challenges\*

\*Participant numbers based on students and mentors on formed teams. Impact data taken from 2020 surveys.

“When I started my project I did not have any experience to code an app on thunkable. It is quite new to me. I took the challenge and never gave up until me and my team complete the project.”

–Mariam, 2021 participant

“My goals for this Technovation season were to learn how to code and have fun building an app with my friends and both of those were achieved, despite the online and covid challenges.”

–Evva, 2021 participant

"I learnt so many things.  
Nothing is impossible,  
when you want to do your  
task. Technovation gave  
me this chance."

-Eesha,  
2021 participant

"It was nerve-racking at first  
as this was my first time  
participating in a world-wide  
competition, but the whole  
journey was fun and  
enhanced my knowledge in  
various technological aspects  
which goes the same for my  
fellow teammates."
